Course Type	Elective
Course Level	Bachelor Degree
Objective	Between a historical sociology of politics and an introduction to the foundations of modern political theory, this course aims to develop an understanding of "the political".
Content	The course will examine such questions as: What is the nature of the modern power? What is sovereignty? To this end we will follow the development line of the nation-state, and other related subjects, such as sovereignty, nationalism, totalitarianism, imperialism and colonialism.
