FRA205	Legal French III	3	2	0	0	2	2

Prerequisites	
Admission Requirements	

Language of Instruction	French
Course Type	Compulsory
Course Level	Bachelor Degree
Objective	* Assimilate the technical vocabulary and key expressions of the French law of obligations * Perform legal qualification exercises based on factual cases * Master the mechanisms of the formation, performance, and termination of contracts in French law * Know the different types of civil liability in French law * Develop a comparative analysis grid between the French Civil Code and the Turkish Code of Obligations * Create a bilingual terminological glossary (French-Turkish) specialized in the law of obligations
Content	* The first half of the semester is dedicated to contract law (fundamental concepts, formation, performance, and termination of a contract). * The second half of the semester is dedicated to civil liability (fault-based liability, strict liability / liability without fault, special regimes).
References	* Course materials and excerpts from court decisions provided by the instructor * French Civil Code (*Code civil français*) * French law of obligations textbooks
