ÖHYL-411	International Conventions on Maritime Law	1	3	0	0	4	10

Prerequisites	
Admission Requirements	

Language of Instruction	English
Course Type	Elective
Course Level	Masters Degree
Objective	The course aims to introduce students international conventions of maritime law developed by international organizations in the context of efforts to unify maritime law. After explaining the fundamental concepts and institutions specific to maritime law, these will be examined within the framework of the rules set forth in international conventions. The objective is to equip students with a holistic and critical perspective grounded under the rules of international conventions
Content
