Objective	21 yüzyıl toplumlarının kentsel toplumlar olacağı çok nettir. Küresel gelişimin de kentler üzerinden gerçekleşmekte olduğu açıkça izlenmektedir. Kentler ister gelişmiş olsun ister gelişmekte olan ülkelerde olsun siyaset arenasının temel mekanları olarak toplumsal yapıyı değiştirmekte dönüştürmekte ve geliştirmektedir. Günümüzde toplumsal olguları kentlerden bağımsız bir şekilde okumak mümkün değildir. Derste kentleşme açısından oldukça derin bir geçmişe sahip Avrupa'da bu olgunun güncel durumunun irdelenmesi amaçlanmaktadır.						
Content	Avrupa Birliğinde Kentsel Politikalar başlığı altında kentleşme tarihi içinde oldukça önemli bir yer tutan Avrupa kentsel tarihinde gelinen düzeyi ve Avrupa Birliği olarak yeniden örgütlenen üye ülkelerde kentler ve kentleşme ile ilgili yeni oluşumları ve Avrupa Birliği kurumsal yapısının bu gelişim ve oluşuma katkısı irdelenmektedir. Aday ülkeler açısından artan önemli kentleşme politikaları Birlik açısından gelişmenin motoru olarak ele alınmaktadır. Bu nedenle ülkemiz adına adaylık sürecinde göz önünden ayrılmaması gereken konuların başında gelen kentleşme politikaları toplumsal değişim ve gelişimin de anahtarı olarak 21 yüzyılın en temel olgularından biridir.

Objective	The main objective of the course is to analyze the state authority and its permanence in space and time, through the rituals and symbols policies by using the disciplines of anthropology, sociology, history and political science. The course focuses mainly on the construction of national identity and the question of invention of tradition through ceremonies and state symbols.
Content	Following two introductory courses we will focus on the "state" rituals practiced in the Ottoman Empire. Then, we will study the relationship of the republic with its Ottoman past; the relationship artificially created on a register of antagonism between old/new that crystallizes in particular rituals and political symbols. Finally, we will show the role played by state symbols and rituals in the construction of national identity in Turkey
