ÖHDR-331	Problems Regarding Application of New Code of Civil Procedure	2	3	0	0	3	7

Prerequisites	
Admission Requirements	

Language of Instruction	Turkish
Course Type	Elective
Course Level	Doctoral Degree
Objective	<p>The main purpose of the course is to examine problematic institutions related to the implementation of the Code of Civil Procedure. Within the scope of this course, it is aimed to discuss in depth the important issues in terms of both theory and practice in the context of the Code of Civil Procedure and to present the current problems of civil procedural law and possible solutions to them. In this context; The objectives of the course are to gain an advanced understanding of subjects such as Litigation Authority, Accessory Intervention, Case Conditions, Uncertain Debt Case, Preliminary Examination, Reclamation, Proof, Voluntary Change of Party, Final Judgment. Combining current and advanced knowledge on concepts, institutions and methods related to civil procedural law, and specifically the Code of Civil Procedure, with original thought and research, and ensuring a development at the level of expertise in this respect; It is aimed for the student to reach a level where he/she can reach innovative, original definitions and qualifications regarding the concepts, institutions and methods in question. In this course, it is aimed for the student to be able to analyze the theory and practice of civil procedural law by combining it with the research he has acquired or his knowledge at the level of expertise, and to reach new and original results and ideas.</p>
