Course Level	Bachelor Degree
Objective	To examine the basic concepts such as consumption, pleasure, time, morality and responsibility, desire, happiness, language, art, human labor, justice from a philosophical perspective. By making short references to marketing history; to grasp the emergence conditions of leading brands in the automobile, soap, and pharmaceutical industries. To look at the relationships between advertising, marketing, and creative thinking. To demonstrate how companies can create permanent brands with their creative marketing and advertising ideas. To remind the creative brain, creative thinking, techniques, and rules. Emphasizing new marketing communication techniques while discussing digital transformation. To discuss the new dimensions of mass communication and where marketing can evolve in the 21st century.
Content	In this course, concepts and practices in the fields of marketing, creativity, advertising, and digital communication will be handled through successful/unsuccessful examples.
