## Content

Course Code	Course Name	Semester	Theory	Practice	Lab	Credit	ECTS
COM135	Basic Design	1	1	1	0	2	5

Prerequisites	
Admission Requirements	

Language of Instruction	Turkish
Course Type	Compulsory
Course Level	Bachelor Degree
Objective	In this primary step of design education, by considering the differences of design and art, elements, principals and tools of design will be taught through lectures and practical studies.  Basic elements, principals and tools for any two dimensional, three dimensional, motion or interactive design media are included in the scope of the course.  This course, which constitutes the basis for any kind of design and art education, has been modified due to the needs of the participants who are students at communication faculty.

Content	1.cours: Introduction to Basics of Design	
	2.cours: Elements of Design: Conceptual	
	Point, Line, Plane, Volume	
	3.cours: Elements of Design: Visual	
	Shape-Form, Light-Shade	
	Principals of Design: Figure-Ground	
	Design Tools: Abstraction	
	4.cours: Field Study	
	5.cours: Elements of Design: Visual	
	Colour-Value	
	Principals of Design: Balance	
	Converted to the second of Decimal Visual	
	6.cours: Elements of Design: Visual Texture-Pattern	
	Principals of Design: Harmony	
	Design Tools: Repetition	
	besign roots. Repetition	
	7.cours: Field Study	
	8.cours: Elements of Design: Relational	
	Direction-Position-Size-Gravity	
	Principals of Design: Rithym-Emphasis	
	Design Tools: Gradition	
	9.cours: Elements of Design: Practical	
	Representation-Meaning-Fuction-Structure	
	Design Tools: Hierarchie-Radiality-Centrality-	
	Concentricity-Axiality-Grid	
	40 savana Danisarina 2D	
	10. cours: Designing 3D	
	11.cours: Designing with Text: Typography	
	12. cours: Designing with Text: Typography	
	13. cours: Introduction to Interactive Design	
	14.cours: Field Study
