GE 734	International Auditing Standards	2	3	0	0	3	7

Prerequisites	
Admission Requirements	

Language of Instruction	Turkish	
Course Type	Elective	
Course Level	Doctoral Degree	
Objective	This doctoral course is primarily focused on the external audit of corporate financial statement, professional ethics, and legal liabilities. The seminars presented are structured to correspond with auditing process in theory and practice, and integrate International Standards in Auditing. The course will also provide the student with the opportunity to identify and develop a research topic, define a research problem, describe the purpose of the research study, and establish associated research questions.	
Content	 Introduction to Financial Accounting and Auditing Theory Overall Objectives of the Independent Auditor Quality Control for an Audit of Financial Statements General Principles and Responsibilities Risk evaluation The Auditor's Responses to Assessed Risks External Confirmations Analytical Procedures Using the Work of an Auditor's Expert Forming an Opinion and Reporting on Financial Statements Clarity Project Critical Perspectives of Auditing Research Methods in Auditing
