Course Code	Course Name	Semester	Theory	Practice	Lab	Credit	ECTS
COM129	Basic Design	1	1	1	0	2	5

Prerequisites	
Admission Requirements	

Language of Instruction	Turkish
Course Type	Elective
Course Level	Bachelor Degree
Objective	In this primary step of design education, by considering the differences of design and art, elements, principals and tools of design will be taught through lectures and practical studies.  Basic elements, principals and tools for any two dimensional, three dimensional, motion or interactive design media are included in the scope of the course.  This course, which constitutes the basis for any kind of design and art education, has been modified due to the needs of the participants who are students at communication faculty.

Content	1.cours: Introduction to Basics of Design
	2.cours: Elements of Design: Conceptual
	Point, Line, Plane, Volume
	3.cours: Elements of Design: Visual
	Shape-Form, Light-Shade
	Principals of Design: Figure-Ground
	Design Tools: Abstraction
	4.cours: Field Study
	5.cours: Elements of Design: Visual
	Colour-Value
	Principals of Design: Balance
	Converted to the second of Decimal Visual
	6.cours: Elements of Design: Visual Texture-Pattern
	Principals of Design: Harmony
	Design Tools: Repetition
	besign roots. Repetition
	7.cours: Field Study
	8.cours: Elements of Design: Relational
	Direction-Position-Size-Gravity
	Principals of Design: Rithym-Emphasis
	Design Tools: Gradition
	9.cours: Elements of Design: Practical
	Representation-Meaning-Fuction-Structure
	Design Tools: Hierarchie-Radiality-Centrality-
	Concentricity-Axiality-Grid
	40 savana Danisarina 2D
	10. cours: Designing 3D
	11.cours: Designing with Text: Typography
	12. cours: Designing with Text: Typography
	13. cours: Introduction to Interactive Design
	14.cours: Field Study
