Content

Course Code	Course Name	Semester	Theory	Practice	Lab	Credit	ECTS
IND363	Engineering Data Analytics	5	3	0	0	4	4

Prerequisites	ING231/ING242
Admission Requirements	ING231/ING242

Language of Instruction	French	
Course Type	Elective	
Course Level	Bachelor Degree	
Objective	The objective of this course is to teach industrial engineering students the fundamentals of data analytics, introduce methods for analyzing large datasets, and equip students with skills to apply data analytics techniques for industrial applications.	
Content	 Week - Introduction to Data Analytics: Definitions and Applications Week - Data Mining and Preprocessing Techniques Week - Statistical Data Analysis Week - Fundamentals of Machine Learning Week - Classification Models Week - Regression Analysis and Prediction Models Week - Clustering and Association Rules Week - Time Series Analysis Week - Midterm Exam Week - Fundamentals and Applications of Deep Learning Week - Natural Language Processing and Text Mining Week - Recommendation Systems and Applications Week - Big Data Technologies and Applications Week - Case Studies in Data Analytics for Industrial Applications 	
References	"Data Science for Business" - Foster Provost & Tom Fawcett "Python for Data Analysis" - Wes McKinney "Hands-On Machine Learning with Scikit-Learn, Keras, and TensorFlow" - Aurélien Géron "The Art of Data Science" - Roger D. Peng & Elizabeth Matsui "Coursera" platform courses	

Theory Topics

Week	Weekly Contents	
1	Introduction to Data Analytics: Definitions and Applications	
2	Data Mining and Preprocessing Techniques	
3	Statistical Data Analysis	
4	Fundamentals of Machine Learning	
5	Classification Models	
6	Regression Analysis and Prediction Models	
7	Clustering and Association Rules	
8	Time Series Analysis	
9	Midterm Exam	
10	Fundamentals and Applications of Deep Learning	

Week	Weekly Contents	
11	Natural Language Processing and Text Mining	
12	Recommendation Systems and Applications	
13	Big Data Technologies and Applications	
14	Case Studies in Data Analytics for Industrial Applications
