JOU204	Theories of Interactive Media	4	2	0	0	2	4

Prerequisites

Admission Requirements

Language of Instruction Turkish

Course Type Elective

Course Level Bachelor Degree

Objective This course aims to explore concepts such as digitalisation, interactivity and convergence, which radically changed the nature as well as use of the media, and to examine, from a critical point of view, the implications of these concepts for the lives of individuals, interpersonal communication, society and social order.
