Prerequisites

Admission Requirements

Language of Instruction French

Course Type Elective

Course Level Bachelor Degree

The course aims at presenting the common historical background and economic, social and political features of Latin American countries.

Objective Also, the conception of developmentalism as an ideological interpretation of structuralism and dependence and also as a driver of foreign policy for the region, as well as democratization problems are explored. Bilateral and regional relations through integration initiatives and the place of these countries in the current globalized international system are studied.
