RPS 596	Digital consumer experience II	2	3	0	0	3	6

Prerequisites	
Admission Requirements	

Language of Instruction	Turkish
Course Type	Compulsory
Course Level	Masters Degree
Objective	<p>By referring to the theoretical background provided in the "Digital Customer Experience" course through various case analysis, it is aimed to provide the students the knowledge and ability to design "customer experience" in digital media. During the semestre, an original interactive medium will be developed through every step of the user experience design process by each student under the supervision of the lecturers. The participants will also be introduced with the research and design techniques used in user-centered research and design process through hands on studies.</p>
Content	<ol style="list-style-type: none">1. Week: Introduction to Interactive Media Design: Concepts, Limitations, Possibilities2. Week: UX Centered Design and Development Process: Techniques3. Week: Selection of the Proposals: Goal, Objective and Strategy4. Week: Persona5. Week: User Journey and Story6. Week: Information Architecture _ Content Map7. Week: Mid-Term Evaluation8. Week: Interface Design: Paper Prototype9. Week: Interface Design: Paper Prototype10. Week: Interface Design: Digital Prototype (Wireframe)11. Week: Interface Design: Digital Prototype (Wireframe)12. Week: Interface Design: Mock-up13. Week: Interface Design: Mock-up14. Week: Final Evaluation _JURY
