SP401	Public Policy Analysis	7	3	0	0	3	6

Prerequisites	
Admission Requirements	

Language of Instruction	French
Course Type	Compulsory
Course Level	Bachelor Degree
Objective	Public policy studies consist of the study of the actions of the public authorities within the society. It is interested in the nature and the modes of interventions of the state. It tries to make the demonstration of the complexity and extent of the governmental action. It analyses the processes of emergence, decision formulation, adoption, implementation and the evaluation of the policies. It familiarizes the students with the tools which will enable them to interpret the processes of public decision studying particularly the role of different actors and the determiners of the public action.
Content	This course is a general introduction the analysis of public policies. It is firstly interested in the concepts and theoretical framework developed to understand the public policies. Later it studies on the processes of emergence, formulation, adoption, implementation and the evaluation of the public policies.
