Theory Topics

Week	Weekly Contents
1	Course overview and research process
2	Selection of research topic
3	Formulation of research question and hypotheses
4	Literature review and source evaluation
5	Development of theoretical framework
6	Selection of research methodology
7	Preparation of research proposal
8	Data sources and data collection
9	Data analysis and research implementation
10	Interpretation of research findings
11	Research paper preparation
12	Academic writing and referencing
13	Finalization of research paper
14	Research presentation and evaluation
