CTV414	Film Production II	8	3	0	3	3	5

Prerequisites	
Admission Requirements	

Language of Instruction	Turkish
Course Type	
Course Level	Bachelor Degree
Objective	All students taking Film Production I courses take part in the filming phase to perform their own projects in Film Production II. At the end of the semester, written and visual materials (scenarios, shooting scenery, shooting crook, story-board and film) belonging to the films are evaluated and noted.
Content	In this course, primarily the features of the fictional short film production is discussed. . At the end of these discussions, the materials necessary for the visualization of written texts are prepared. (Shooting searyos, sketch-plan, storyboard). The shooting and editing stages are carried out.
