Course Code	Course Name	Semester	Theory	Practice	Lab	Credit	ECTS
ECON202	Microeconomics II	4	5	0	0	5	8

Prerequisites	ECON201
Admission Requirements	ECON201

Language of Instruction	French
Course Type	Compulsory
Course Level	Bachelor Degree
Objective	to comprehend the theories that explain the consumer and the producer behaviour
Content	the course covers an extension of the subjects covered in Microeconomics I. Inspects (at the intermediate level) theories that explain the consumer and producer behaviour. for the former, the course covers the consumer choice first in a dynamic setup and then under uncertainty. for the latter, the course covers the producer choice first under monopoly and then under duopoly. Finally, it provides a synthesis of the consumer and the producer behaviour by analyzing walrasian general equilibrium models.
