Course Type	Compulsory
Course Level	Bachelor Degree
Objective	This course takes the theories of sociology that we have tried to group especially through the themes of culture and identity, as its object of study. Through the various theories in sociology, the aim of the course is to provide theoretical bases considered to be useful for analyzing social phenomena of the contemporary world.
Content	We tried to group these theories through themes of culture and identity. Through the theme of culture, we will try to discuss the theories of Norbert Elias, of the Frankfurt School, School of Cultural Studies and through facts of civilization, mass culture, popular culture. The notion of identity will be discussed mainly through works of Pierre Bourdieu, Alain Touraine, Michel Foucault and Anthony Giddens.
