ÖHYL-351	International Commercial Law	1	4	0	0	4	10

Prerequisites	
Admission Requirements	

Language of Instruction	Turkish
Course Type	Elective
Course Level	Masters Degree
Objective	With the expansion of the international trade relations, international commercial law become more and more important. The purpose of this lecture is to present the most used rules (soft law rules, international conventions, model laws, model contract) governing the international business relations and to create an awareness on different legal tools used in international transactions.
Content	With this aim, the lecture will focus first on the sources of international commercial law. within this context lex mercatoria, Incoterms 2020 and Unidroit Principles will be treated. CISG governing international sales of goods will take a large part of this lecture. We will also devote some time to international agency and distribution agreements. Arbitration, as the most commonly used dispute resolution mechanism in international transactions, will be an important subject of the lecture. We will also see the recognition and enforcement of foreign arbitral awards.
